

Cancel a trade waste approval application

Queensland Urban Utilities will continue to charge trade waste fees and charges until the trade waste approval is cancelled. Trade waste pretreatment infrastructure must be cleaned/serviced after the last operational day on the land before the trade waste approval will be cancelled. Pretreatment infrastructure servicing/cleaning documentation must accompany this form. The personal information provided will be used by Queensland Urban Utilities for the purpose of cancelling a trade waste approval.

Phone Queensland Urban Utilities' general enquiries on 13 26 57. If you do not know your trade waste approval number, you will need to provide your official land location details.

1 What is your trade waste approval number?

2 Cancel a trade waste approval application information

Give details in accordance with Queensland Urban Utilities' trade waste policy and management plan

Address of land

Effective date

Reason/s

Agency stamp

3 Who is making this application?

Land owner

Land owner's authorised agent

4 Land owner/land owner's authorised agent declaration

I undertake to Queensland Urban Utilities that I have the authority to make these statements and give the following undertakings:

If Queensland Urban Utilities accepts the offer contained in this application and cancels the trade waste approval, the land owner will ensure:

- each occupier of the land will not discharge trade waste to a sewer after the effective date on this form;
- trade waste pretreatment infrastructure was cleaned/serviced after the last operational day and documentation confirming this is attached; and
- payment of all outstanding trade waste fees and charges.
