Project Update: Changed traffic conditions at Highland Street, Esk

Our delivery partner, **Diona**, and their subcontractors, are currently constructing a new water reservoir in your area. To ensure the safety of our community during water main testing, a temporary intersection closure near corner of **Highland Street** and **Mack Street, Esk** will be required from **Monday 26 May 2025**, between **6:30am** and **5:00pm**, for up to **five days** (weather and site conditions permitting).

Traffic controllers will be on-site to look after the safety of road users and pedestrians. Local access will be maintained, and residents are advised to approach traffic controllers to request access if required. A detour will be in place via **Elizabeth Street, Esk**.

Please take care of all signposting, speed limits and any directions given by traffic controllers.

We appreciate your understanding and cooperation during these works.

For further information, contact Diona **1300 13 13 38** or **UUTeam@diona.com.au**
